A tour-de-force by rising indy comics star Gene Yang, American Born Chinese tells the story of three apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover that he's the only Chinese-American student at his new school; the powerful Monkey King, subject of one of the oldest and greatest Chinese fables; and Chin-Kee, a personification of the ultimate negative Chinese stereotype, who is ruining his cousin Danny's life with his yearly visits. Their lives and stories come together with an unexpected twist in this action-packed modern fable. American Born Chinese is an amazing ride, all the way up to the astonishing climax. American Born Chinese is a 2006 National Book Award Finalist for Young People's Literature, the winner of the 2007 Eisner Award for Best Graphic Album: New, an Eisner Award nominee for Best Coloring and a 2007 Bank Street - Best Children's Book of the Year. Nation Branding: Concepts, Issues, Practice was the ground-breaking first textbook to provide an overview of this recently established but fast-growing practice, in which the principles of brand management are applied to countries rather than companies. Many governments have invested in nation branding in order to strengthen their country's influence, improve its reputation, or boost tourism, trade and investment. This new edition has been comprehensively revised and its influential original framework modified to reflect the very latest changes to this still-developing field. It remains an accessible blend of theory and practice rich with international examples and contributions. Updates to this edition: New international cases of countries as diverse as China, United Arab Emirates, Ghana, Cuba, India, Great Britain and many more; New contributions from distinguished scholars, diplomats and businesspeople providing a range of case studies, practitioner insights and academic perspectives; New Companion Website to support the book featuring instructor aids such as PowerPoint presentations for each chapter and an instructor manual; This much-anticipated update to an influential book is an essential introduction to nation branding for students and policy makers.
