(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.

(Easy Piano). Easy piano sheet music.

(Ukulele). Twenty songs perfect for wedding ceremonies in arrangements for ukuleles with standard G-C-E-A tuning featuring melody, lyrics and chord frames for each song. Includes: All of Me * Better Together * Can't Help Falling in Love * Grow Old with Me * The Hawaiian Wedding Song (Ke Kali Nei Au) * I'm Yours * Just the Way You Are * Marry Me * Thinking Out Loud * A Thousand Years * Wedding Song (There Is Love) * You Are the Sunshine of My Life * and more.

These days the ukulele is experiencing a revolution-both as a valid instrument that can sweetly transform pop music and rock and roll, and as the focus of dozens of clubs springing up across the world. Ukulele! brings the "uke" world to light, exposing its colorful history, quirky characters, and irresistible charm. Dozens of colorful photos and ephemera make Ukulele! as fun to look at as it is to read. Celebrate the history of the ukulele and the unique culture that surrounds it in Ukulele by Daniel Dixon with Dixie

Dixon and Jayne McKay. Ukulele explores the spiritual quality that brings people together by discussing the colorful characters that have been drawn to the instrument over the years. Daniel Dixon traces its origins in Hawaii and illustrates how it traveled to the mainland U.S. and became such a popular instrument. Ukulele also showcases the best of the early players such as Cliff Edwards as well as the most popular contemporary uke players like Israel Kamakawiwo'ole and Jake Shimabukuro.

This book is designed to aid the beginning uke player in playing strums applicable to folk and bluegrass music. Each of the 29 songs has a different strum pattern! A complete grounding in chord accompaniment is attained through songs presented in various keys. Written for the uke in standard GCEA tuning.

(Ukulele). 30 favorites to sing as you roast marshmallows and strum your uke around the campfire. Includes: Blowin' in the Wind * Drift Away * Edelweiss * God Bless the U.S.A. * Hallelujah * The House of the Rising Sun * I Walk the Line * Lean on Me * Let It Be * The Lion Sleeps Tonight * On Top of Spaghetti * Puff the Magic Dragon * Take Me Home, Country Roads * Wagon Wheel * You Are My Sunshine * and many more.

A collection of 29 folk and bluegrass songs selected to aid the beginning baritone uke player in playing strums suitable for diverse time signatures and tempos. Includes chord diagrams for the principal chords in each key plus instruction on tuning and playing position. an ideal follow-up to Fun with the Baritone Uke.

Read PDF A Thousand Years Ukulele Chords

Since its introduction to Hawai'i in 1879, the 'ukulele has been many things: a symbol of an island paradise; a tool of political protest; an instrument central to a rich musical culture; a musical joke; a highly sought-after collectible; a cheap airport souvenir; a lucrative industry; and the product of a remarkable synthesis of western and Pacific cultures. The 'Ukulele: A History explores all of these facets, placing the instrument for the first time in a broad historical, cultural, and musical context. Drawing on a wealth of previously untapped sources, Jim Tranquada and John King tell the surprising story of how an obscure four-string folk guitar from Portugal became the national instrument of Hawai'i, of its subsequent rise and fall from international cultural phenomenon to "the Dangerfield of instruments," and of the resurgence in popularity (and respect) it is currently enjoying among musicians from Thailand to Finland. The book shows how the technologies of successive generations (recorded music, radio, television, the Internet) have played critical roles in popularizing the 'ukulele. Famous composers and entertainers (Queen Liliuokalani, Irving Berlin, Arthur Godfrey, Paul McCartney, SpongeBob SquarePants) and writers (Rudyard Kipling, Jack London, P. G. Wodehouse, Agatha Christie) wind their way through its history—as well as a host of outstanding Hawaiian musicians (Ernest Kaai, George Kia Nahaolelua, Samuel K. Kamakaia, Henry A. Peelua Bishaw). In telling the story of the 'ukulele, Tranquada and King also present a sweeping history of modern Hawaiian music that spans more than two centuries, beginning with the introduction of western melody and harmony by missionaries to the Hawaiian music renaissance of the 1970s and 1980s.

Forget the 10,000 hour rule— what if it's possible to learn the basics of any new skill in 20 hours or less? Take a moment to consider how many things you want to learn to do. What's on your list? What's holding you back from getting started? Are you worried about the time and effort it takes to acquire new

skills—time you don't have and effort you can't spare? Research suggests it takes 10,000 hours to develop a new skill. In this nonstop world when will you ever find that much time and energy? To make matters worse, the early hours of practicing something new are always the most frustrating. That's why it's difficult to learn how to speak a new language, play an instrument, hit a golf ball, or shoot great photos. It's so much easier to watch TV or surf the web . . . In *The First 20 Hours*, Josh Kaufman offers a systematic approach to rapid skill acquisition— how to learn any new skill as quickly as possible. His method shows you how to deconstruct complex skills, maximize productive practice, and remove common learning barriers. By completing just 20 hours of focused, deliberate practice you'll go from knowing absolutely nothing to performing noticeably well. Kaufman personally field-tested the methods in this book. You'll have a front row seat as he develops a personal yoga practice, writes his own web-based computer programs, teaches himself to touch type on a nonstandard keyboard, explores the oldest and most complex board game in history, picks up the ukulele, and learns how to windsurf. Here are a few of the simple techniques he teaches: Define your target performance level: Figure out what your desired level of skill looks like, what you're trying to achieve, and what you'll be able to do when you're done. The more specific, the better. Deconstruct the skill: Most of the things we think of as skills are actually bundles of smaller subskills. If you break down the subcomponents, it's easier to figure out which ones are most important and practice those first. Eliminate barriers to practice: Removing common distractions and unnecessary effort makes it much easier to sit down and focus on deliberate practice. Create fast feedback loops: Getting accurate, real-time information about how well you're performing during practice makes it much easier to improve. Whether you want to paint a portrait, launch a start-up, fly an airplane, or juggle flaming chainsaws, *The First 20 Hours* will help you pick up the basics of any skill in record time . . . and have more fun along the way.
