If you believe some news stories, the latest iPhone update (iOS 11) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPhone and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. Why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPhone, and you will find that in Apple's comprehensive manual. If you are like my parents though, new to the iPhone and just want to learn all the basics in about 30 to 60 minutes or an hour that is, then this guide will help you. People who just want to know how to add their contacts, how to take photos, and how to email. It's not for advanced users, though if you are upgrading from the previous Apple iOS (iOS 10) then you will most probably find it useful. If you are ready to learn read on!

The iPhone SE 2020 (a follow up to the 2016 iPhone SE) was launched in April 2020 as a new low-cost iPhone by the Apple brand. The phone comes with years of software updates, an amazing camera set and a topnotch performance even at its low cost. The Apple iPhone SE 2020 has several features in common with the much more expensive phones, like the A13 Bionic processor, which makes it as fast as the iPhone 11 series phones. The iPhone SE also has access to the 18W charging capability and the AI-enabled portrait mode that you will find in the iPhone 11, 11 Pro, and 11 Pro Max. This user guide contains detailed steps on how to explore all the new features on your phone along with screenshots to make it easy for you to familiarize yourself with the workings of the operating system for iPhones. Whether you are just buying a new iPhone or downloading the new software to your existing device, this book would help you to achieve better and faster productivity. Some of the things you would learn in this book include: How to Clear Storage Space on Your iPhone. How to Set up Keyboard Shortcuts. How to Turn On Announce Messages with Siri. How to Train Siri to Recognize Your Voice. How to Use Memoji Stickers. How to Activate Dark Mode. How to Set Up Family Sharing. How to View, Re-Open, and Bookmark Tabs in Safari.
