Erving Goffman, an American sociologist, received his Ph.D. from the University of Chicago. He is known for his distinctive method of research and writing. He was concerned with defining and uncovering the rules that govern social behavior down to the minutest details. He contributed to interactionist theory by developing what he called the "dramaturgical approach," according to which behavior is seen as a series of mini-dramas.

Behavior in Public Places. Goffman, Erving 1966. Behavior in Public Places: Notes on the Social Organization of Gatherings. New York: The Free Press. Briefly, a social order may be defined as the consequence of any set of moral norms that regulates the way in which persons pursue objectives. The set of norms does not specify the objectives the participants are to seek, nor the pattern formed by and through the coordination or integration of these ends, but merely the modes of seeking them.
