Twenty-five years ago, after teaching hundreds of art classes to thousands of students, I discovered a secret about drawing. Every shape in the world - from penguins to space ships - can be drawn with 6 elemental lines. I call my method the ARTABET, as it really is a basic language of art that children learn to master. The ARTABET shows that once you learn the 6 elemental lines of drawing, the possibilities are endless.The ARTABET is designed for home use and is perfect for elementary school teachers in the classroom. Everything you will need to know to set a firm foundation for your child's or student's drawing is available in the ARTABET / First Steps In Drawing.Great for all ages and fully supported at our Free resource website, ARTABET.COM

Data gathered by a national survey of preschool playground equipment provided comprehensive information on all aspects of the play environment for young children. This collection presents the perspectives of writers on the function of playgrounds and the nature of children's play. In addition to the introduction by Sue C. Wortham and Joe L. Frost, the following articles make up the volume: (1) "National Survey of Preschool Centers Playground Equipment" (Louis Bowers); (2) "Results of the Survey" (Louis Bowers); (3) "Young Children and Playground Safety" (Joe L. Frost); (4) "Play Environments for Young Children: Design Perspectives" (Steen B. Esbensen); (5) "Infant-Toddler Playgrounds" (Sue C.
