Fundamentals of Corporate Finance, 1st European Edition, brings to life the modern-day core principles of corporate finance using a problem solving approach. The book is an adaptation of the highly successful Fundamentals of Corporate Finance text by Ross, Westerfield and Jordan and is aimed specifically at an international audience.

Provides students with an inexpensive note-taking system that contains a reduced copy of every slide in the PowerPoint presentation.

Corporate Finance, by Ross, Westerfield, Jaffe and Jordan was written to convey the most important corporate finance concepts and applications as a level that is approachable to the widest possible audience. The concise format, managerial context and design, and student-friendly writing style are key attributes in this text. We took the best from RWJ Fundamentals and RWJ Corporate to create a book that fits an underserved need in the market. RWJ Core Principles strikes a balance by introducing and covering the essentials, while leaving more specialized topics to follow-up courses. This text distills the subject of corporate finance down to its core, while also maintaining a deciding modern approach. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool.

The second European edition of Financial Markets and Corporate Strategy provides

comprehensive coverage of financial markets and corporate finance, brought to life by real world examples, cases and insights. Placed in a truly international context, this new and updated edition takes an academic and practical view-point to guide students through the challenges of studying and practicing finance. Aimed specifically at an international audience, this edition boasts hundreds of references to new and relevant non-US research papers from top finance journals. Whilst retaining the well respected structure of the successful US text, Professor David Hillier has also made a number of additions which include: Fully updated research, data and examples in every chapter. Coverage of the global financial crisis, the impact it made on the financial markets and the lessons being learnt by the finance industry. A stronger emphasis on corporate governance and agency theory. Updates on accounting standards, bankruptcy laws, tax rules and tax systems.
