Her extraordinary magic makes her the most powerful witch alive -- and a notorious social outcast. Now the different witch factions engage in a bloody war with magic, treachery, and murder. But both sides may be fighting for nothing. For the power that the rebel Primes fear, the magic that Mirei alone possesses, is killing her.

Historically, Canada has adopted immigration policies focused on admitting migrants who were expected to become citizens. A dramatic shift has occurred in recent years as the number of temporary labourers admitted to Canada has increased substantially. Legislated Inequality critically evaluates this radical development in Canadian immigration, arguing that it threatens to undermine Canada ' s success as an immigrant nation. Assessing each of the four major temporary labour migration programs in Canada, contributors from a range of disciplines - including comparative political science, philosophy, and sociology - show how temporary migrants are posed to occupy a permanent yet marginal status in society and argue that Canada's temporary labour policy must undergo fundamental changes in order to support Canada's long held immigration goals. The difficult working conditions faced by migrant workers, as well as the economic and social dangers of relying on temporary migration to relieve labour shortages, are described in detail. Legislated Inequality provides an essential critical analysis of the failings of temporary labour migration programs in Canada and proposess tangible ways to improve the lives of labourers. Contributors include Abigail B. Bakan (Queen's University), Tom Carter (University of Manitoba), Sarah D'Aoust (University of Ottawa), Christina Gabriel (Carleton University), Jill Hanley (McGill University), Jenna Hennebery (Wilfrid Laurier University), Christine Hughes (Carleton University), Karen D. Hughes (University of Alberta), Jahnion Koo (McGill University), Patt Tamara Lenard (University of Ottawa), Laura Macdonald (Carleton University), Janet McLaughlin (Wilfrid Laurier University), Delphine Nakache (University of Ottawa), Jacqueline Oxman-Martinez (Universit é de Montr é al), Kerry Priebisch (University of Guelph), Andr é Rivard (University of Windsor), Nandita Sharma (University of Hawaii), Eric Shrage (Concordia University), Denise Spitzer (University of Ottawa), Daiva Stasulius (Carleton University) Christine Straehle (University of Ottawa), Patricia Tomic (University of British Columbia, Okanagan), Sarah Torres (University of Ottawa), and Richard Trumper (University of British Columbia, Okanagan).

In a hilarious and often poignant debut YA novel, Jesse Alderman—or "Sway," as he's known—avoids emotional connection at all costs, but he's ultimately forced to open his heart when he meets the girl of his dreams.
