causation. Too often do activists look at disparities and immediately assume discrimination is the reason behind it. Economist Thomas Sowell shows the reader how disparities, often large, can manifest without any malicious intervention and can be explained for reasons other than discrimination.

Discrimination and Disparities by Thomas Sowell

Discrimination and Disparities challenges believers in such one-factor explanations of economic outcome differences as discrimination, exploitation or genetics. It is readable enough for people with no prior knowledge of economics.

BOOK REVIEW: 'Discrimination and Disparities' by Thomas ...

Discrimination and Disparities is one of Sowell's shorter books. He reiterates the historically persistent fact that economic and other outcomes often differ greatly among individuals, groups, institutions and nations.

Discrimination and Disparities - Book Review

Discrimination and Disparities Quotes Showing 1-19 of 19. "The crucial question is not whether evils exist but whether the evils of the past or present are automatically the cause of major economic, educational and other social disparities today. The bedrock assumption underlying many political or ideological crusades is that socioeconomic disparities are automatically somebody's fault, so that our choices are either to blame society or

Discrimination and Disparities, released this month, should be required reading for every college freshman in the US. At 5 hours it is a short read, but long enough to destroy many commonly held economic myths. Since Sowell stopped writing his newspaper columns 15 months ago, I have missed them. This book reminds me yet again of the ...
