English Active and Passive Voice Rules with Examples - EduDose

It's not uncommon for proofreaders and grammar checkers to identify something as passive voice that is, in fact, active voice. Proofreaders and grammar checkers look for passive-voice constructions by finding a form of the verb "to be" (e.g., am, are, is, was, were, has been, have been, had been, will be, will have been, being, be) followed by a past participle (i.e., the form of the verb that typically ends in -ed or -en). Most of the time, this system works.
