The Columbian exchange map  
route- Imperialism is the  
complete control by one  
country of political,  
economical, or cultural life  
of another country or  
region. During the age of  
imperialism a global economy  
arose. It was mostly  
controlled by nations in the  
west like the United States,  
Britain, France, and  
Germany.

## **U.S. Economic Imperialism**

According to dependency analysts, this was a period in which international economic relationships were revised in such ways as to guarantee continued subordination of Latin America to the major industrialized countries, which came to include the United States, and, less important to Latin America, Germany and France. For the first time, Latin America was exposed to new capitalist practices, especially the consolidation of U.S. corporate business in agriculture, mining, oil,

Impact of Imperialism on  
Latin America and Southeast  
Asia 1387 Words6 Pages  
Around the 1700s regions in  
Europe were using the method  
of imperialism to not only  
expand but to economically  
benefit as well. Thus  
imperialism was not only a  
form of government but also  
a form of economy.
