Equity & Trusts: Text, Cases, and Materials provides a comprehensive guide to trusts and equity in a single volume. Drawing on a judiciously balanced selection of case extracts, journal articles, and academic writing, Davies and Virgo present their authoritative commentary on the law with clarity and rigour. The text guides students through the key legal principles of each case, utilizing supporting learning features to highlight important aspects and help develop students' independent research skills. Central Issues boxes introduce each chapter to identify the key themes examined and scenario-based questions frame the law in a practical context. Encouraging students to think creatively around the subject and assess their own understanding. This text offers a holistic approach to the study of equity and trusts. Using their unrivalled teaching experience, the authors bring together an expertly selected collection of cases and legal scholarship to present a text that is firmly student-focused, enabling students to fully grasp the key concepts and achieve the best possible results. Online Resources Supporting answer guidance to the end of chapter questions is offered online.

Complete Equity & Trusts is supported by clear author commentary, choice extracts, and useful learning features. The explanations and examples in this textbook have been crafted to help students hone their understanding of trusts law. The Complete titles are ambitious in their scope; they've been carefully developed with teachers to offer law students more than just a presentation of the key concepts. Instead they offer a complete package. Only by building on the foundations of the subject, by showing how the law works, demonstrating its application through extracts from cases and judgments, and by giving students the tools and the confidence to think critically about the law will they gain a complete understanding. This book is accompanied by free online resources, which feature resources for students and lecturers including the following: - Guidance for answering end-of-chapter questions in the book - Self-test question with instant feedback - A flashcard glossary of key terms - Updates on legislation and case law

Providing an essential resource for a first course in equity and trusts, Complete Equity and Trusts provides an accessible blend of cases, materials, and clear explanatory text. Suitable for new law students, Clements and Abass clearly outline the core topics in the subject in an approachable and unimposing way with reference to a broad range of related materials. Designed to offer a comprehensive and stand-alone resource, the range of supporting features ensures that students feel confident in tackling the complex and diverse issues related to this field of law. Key terms and cases are highlighted throughout, while learning objectives, self-test questions, and concluding summaries for each chapter help to reinforce students' understanding and fully prepare them for assessment.

Text, Cases and Materials on Equity and Trusts has been considerably revised to broaden the focus of the text in line with most LLB core courses to encompass equity, remedies and injunctions and to take account of recent major statutory and case law developments. The new edition features increased pedagogical support to outline key points and principles and improve navigation; 'notes' to encourage students to reflect on areas of complexity or controversy; and self-test questions to consolidate learning at the end of each chapter. New to this edition: is a detailed examination of The Civil Partnership Act 2004 and the Charities Act 2006 important case law developments such as Stack v Dowden (constructive trusts and family assets), Oxley v Hiscock (quantification of family assets), Barlow Clowes v Eurotrust (review of the test for dishonesty), Abou-Ramah v Abacha (dishonest assistance and change of position defence), AG for Zambia v Meer Care & Desai (review of the test for dishonesty), Horley Town Football Club (gifts to unincorporated association), Re Loftus (defences of limitation, estoppel and laches), Templeton Insurance v Penningtons Solicitors (Quistclose trust and damages) and many more are new chapters on the equitable remedies of specific performance, injunctions, rectification, rescission and account are extracts from the Law Commission's Reports and consultation papers on 'Sharing Homes' and 'Trustee Exemption Clauses' as well as key academic literature and debates. The structure and style of previous editions have been retained, with an emphasis on introductory text and case extracts of sufficient length to allow students to develop analytical and critical skills in reading legal judgments. Substantial author commentary helps the text give the flow, coherence and direction of a textbook whilst providing the reader with a wide range of primary and secondary material from a variety of sources. A supporting Companion Website provides twice-annual updates to the cases and legislation discussed within the text; answers to the questions contained within the text, and sample essay questions. <http://www.routledgecavendish.com/textbooks/9780415442947>

The Principles of Equity & Trusts offers a refreshing, student-focused approach to a dynamic area of law. In the third edition of his best-selling textbook, Professor Graham Virgo brings his expertise as a teacher to present an engaging, contextual account of the essential principles of trusts and their equitable remedies. Virgo states the law in plain terms before building on an area of debate and encouraging students to fully engage with the inherent issues within the subject. Concise and authoritative analysis enables students to grasp the principles of trusts, develop the confidence to engage fully with the subject area, and excel in their studies. Virgo approaches the topics with unparalleled clarity and provides the academic rigour for which this text has come to be relied upon. Combining expert knowledge and comprehensive coverage, The Principles of Equity & Trusts is the ideal companion to a course in trusts.

This new edition contains extracts from a wide range of relevant and interesting case law, statutory material, academic writing and official proposals for law reform. In a subject that is heavily case-based, the content of Todd and Watt's Cases and Materials on Equity and Trusts provides a complete source of reference for students. Logically set out, the book is structured to correspond to a typical undergraduate course in equity and trusts, with materials linked by engaging commentary and stimulating questions with answers, as well as suggestions for further study. The sixth edition has been revised to include a new chapter dedicated to equitable doctrines and remedies. It has also been updated to include the Charities Act 2006, the Law Commission report on Trustee Exemption Clauses (2006) and consultation paper on Cohabitation (2006), and numerous new cases, including Re Farepak Foods (2006), Re Horley Town Football Club (2006), Barlow Clowes International Ltd. (In Liquidation) v. Eurotrust International Limited (2005), and Charter plc v City Index Ltd (2007). This new edition is especially notable for the inclusion of extracts from recent scholarly articles by several of the world's leading academic thinkers on the law of trusts. Online Resource Centre Fully supported by an Online Resource Centre orientated towards consolidating students' understanding and providing a forum for self-assessment. Resources include regular updates to changes and developments in relevant cases, suggested answers to questions in the book, and links to key websites.

The third edition of The Principles of the Law of Restitution brings this widely cited and influential volume fully up to date. It has been substantially rewritten to reflect the significant changes in the law of restitution and the expansion in the theoretical and critical commentary on the subject. Following important decisions of the Supreme Court and other courts, large-scale changes have been made to the chapters on enrichment, at the expense of the claimant, mistake, claims against public authorities, and change of position. Additionally, this edition contains a new chapter on the operation of juridical bars on restitutionary claims. References to developments in other jurisdictions have been expanded for this edition, reflecting the significance of these changes and how they assist in the interpretation of English law and provide a basis for criticising that law. Further, in the light of leading cases and the contributions of restitutionary scholars around the world, the author's views on specific controversial debates about the ambit, function, and interpretation of the subject have changed, sometimes radically. One significant aspect of the book remains unchanged: the book continues to focus on the identification and analysis of the principles which underpin the law of restitution as a whole, but with reference to its three distinct parts: unjust enrichment, restitution for wrongs, and the vindication of property rights. This approach provides the reader with a peerless guide to the law of restitution.

Whether you're new to higher education, coming to legal study for the first time or just wondering what Equity and Trusts is all about, Beginning Equity and Trusts is the ideal introduction to help you hit the ground running. Starting with the basics and an overview of each topic, it will help you come to terms with the structure, themes and issues of the subject so that you can begin your Equity and Trusts module with confidence. Adopting a clear and simple approach with legal vocabulary explained in a detailed glossary, Mohamed Ramjohn breaks the subject of Equity and Trusts down using practical everyday examples to make it understandable for anyone, whatever their background. Diagrams and flowcharts simplify complex issues, important cases are identified and explained and on-the-spot questions help you recognise potential issues or debates within the law so that you can contribute in classes with confidence. Beginning Equity and Trusts is an ideal first introduction to the subject for LLB, GDL or ILEX and especially international students, those enrolled on distance learning courses or on other degree programmes.

The Principle of Equity and Trusts offers students a new approach to this dynamic area of law. Professor Graham Virgo has created a rigorous yet accessible student companion which draws the field in its contemporary context, offering a critical and insightful commentary on the law, its application, and development. The text communicates the dynamic and thought-provoking nature of this area of law and reflect the modern understanding of the subjects, as propounded both by the judiciary and commentators. The text offers a student-focused approach providing a clearly written and accessible guide to this most fascinating area of law while equally providing the critical rigour and referencing expected from academics in the field. The Principle of Equity and Trusts promises to be a new classic in the field of equity and trusts textbook; one which is admired by lecturers and students alike.
