Learning for a reader occurs when they are assisted by an educator, or expert ‘other’, to read and understand a text with clear but limited guidance.

Guided reading allows students to practise and consolidate effective reading strategies.

The teacher sets up the stage for guided reading by working with small groups of students with a similar reading level and supporting them in their skills development. However, guided reading can also be done as a whole-class activity, providing students with support whilst allowing time for independent work to be done at their own pace.
