Hamlet Studies (1979-2003), an international journal devoted exclusively to one work of art, Hamlet, presented a vast wealth of research on Shakespeare's play, contributions from well-established critics from across the globe. This book focuses on the critical contribution Hamlet Studies made to the play's scholarship, bringing together textual criticism, twentieth century critical thought and performance-based contributions. It represents a valuable and comprehensive guide for students and teachers studying Shakespeare in colleges and universities the world over.

This sweeping New York Times bestseller is "the most thorough and most captivating, most engrossing novel ever written about World War II" (Los Angeles Times). Epic in scope, Marge Piercy's sweeping novel encompasses the wide range of people and places marked by the Second World War. Each of her ten narrators has a unique and compelling story that powerfully depicts his or her personality, desires, and fears. Special attention is given to the women of the war effort, like Bernice, who rebels against her domineering father to become a fighter pilot, and Naomi, a Parisian Jew sent to live with relatives in Detroit, whose twin sister, Jacqueline—still in France—joins the resistance against Nazi rule. The horrors of the concentration camps; the

heroism of soldiers on the beaches of Okinawa, the skies above London, and the seas of the Mediterranean; the brilliance of code breakers; and the resilience of families waiting for the return of sons, brothers, and fathers are all conveyed through powerful, poignant prose that resonates beyond the page. *Gone with the Wind* is a testament to the ordinary people, with their flaws and inner strife, who rose to defend liberty during the most extraordinary times.

Presents a graphic novel version of the classic tragedy about the struggle of Prince Hamlet to avenge his father's murder.

42 easy-to-read, ready-to-inspire sample essays on Shakespeare's Hamlet. Inside you will find three 1,500-word essays on each of the following 14 characters, relationships and themes: #1: The Character of Hamlet Born a prince, parented by a jester, haunted by a ghost, destined to kill a king rather than become one, and remembered as the title character of a play he did not want to be in. #2: The Character of Claudius His "ambition" (3.3) for Denmark's throne leads him to commit one murder only to find that he must plot a second to cover up the first. When this plan fails, his next scheme leads to his own death and that of the woman he loved. #3: The Character of Gertrude "Have you eyes?" (3.4), Prince Hamlet demands of his mother. Gertrude's "rash marriage" (2.2) dooms her life and the lives of everyone around her when her wished-for, happily-ever-after fairytale ends in a bloodbath. #4: The Character of Ophelia Ophelia's sanity is overwhelmed by Elsinore's maddening world of deception and betrayal. Her "self-slaughter" (1.2) is her revenge against everyone who dismissed, silenced and humiliated her. #5: Relationship of Hamlet and the Ghost By surrendering Denmark to his rival's son, Hamlet grants to the angry Ghost of his "dear father murdered" (2.2) the forgiveness his suffering soul needed more than the revenge he demanded. #6: Relationship of Hamlet and Claudius Claudius is haunted by the murder he has committed ("O heavy burden!", 3.1). Hamlet by the one he hasn't yet ("Am I a coward?", 2.2). In the end, the prince by two means kills the "arrant knave" (1.5) whose poison claimed the lives of both his parents and who had twice plotted to murder him. #7: Relationship of Hamlet and Gertrude A haunted-by-the-past ("Must I remember?", 1.2) Hamlet seeks the truth about his father's death. A live-in-the-moment ("All that is I see", 3.4) Gertrude seeks to protect her second husband and throne. #8: Relationship of Hamlet and Ophelia Their relationship begins in uncertainty, descends into mutual deceit and rejection, and ends with their double surrender to death: she, to the "weeping brook" (4.7); he, to Claudius' "he shall not choose but fall" (4.7) rigged fencing duel. #9: Relationship of Hamlet and Horatio "Those friends thou hast ... Grapple them unto thy soul with hoops of steel" (1.3). Horatio is Hamlet's trusted confidant in life and vows to remain the keeper of his memory after the prince's death. #10: Relationship of Claudius and Gertrude A marriage of practical interest. Claudius wanted something (the kingship) he did not have; Gertrude had something (the status of queen) she wanted to hold onto. #11: The Themes of Hamlet A king murdered, an inheritance stolen, a family divided: Elsinore's older generation destroys its younger when two brothers -- one living, one undead -- battle in a "cursed spite" (1.5) over a crown and queen. #12: The Theme of Revenge Two young men journey from revenge, through obsession and anger, to forgiveness. And the revenge sought in act one by the Ghost on his brother Claudius becomes in act five the revenge of old King Fortinbras on old King Hamlet. #13: The Theme Deception and Appearance versus Reality "'Seems'" and "'is'" are as tragically far apart as Rosencrantz and Guildenstern are comically similar in a play-long triple pun on the verb "'to act'": to take action, to behave deceitfully, and to perform in theater. #14: The Theme of Madness Is Hamlet ever really insane? If not, why is he pretending to be? Is the prince's behavior the cause of Ophelia's traumatic breakdown? Book website: www.essaykit.com.

This lively and informative guide reveals Hamlet as marking a turning point in Shakespeare's use of language and dramatic form as well as addressing the key problem at the play's core: Hamlet's inaction. It also looks at recent critical approaches to the play and its theatre history, including the recent David Tennant / RSC Hamlet on both stage and TV screen.

Scientific Essay from the year 2017 in the subject Literature - Comparative Literature, , language: English, abstract: The aim of this research paper is to explore, by comparing and contrasting them, the two literary characters Hamlet and Oblomov and how they are exploited by William Shakespeare and Ivan Goncharov in different historical ages to project different visions of the human situation. Every author is influenced by his age to certain degrees and if the art of characterisation of William Shakespeare is set against that of Ivan Goncharov, it is because of the difference in ideological perspectives. William Shakespeare's character Hamlet comes from Renaissance England and Ivan Goncharov's character Oblomov comes from nineteenth century Russia. The former is in certain ways different from the latter despite the fact that some traits of both characters are the same, such as indecision and procrastination. The comparison and contrast will be highlighted in this paper in terms of Marxist hermeneutics, which is a scientific theory and method of analysing the social and literary types in the context of class milieu. Applying Marxist literary hermeneutics to the art of characterisation
