India: The Cookbook is the first comprehensive guide to Indian cooking, with over 1,000 recipes covering every aspect of India's rich and colourful culinary heritage. Unlike many other Indian cookbooks, it is written by an Indian culinary academic and cookbook author who lives and works in Delhi, and the recipes are a true reflection of how traditional dishes are really cooked all over India. They have been carefully edited to ensure that they are simple to follow and achievable in western kitchens, with detailed information about authentic cooking utensils and ingredients. Indian food has been hugely popular in the UK for many years, and the appetite for Indian food shows no sign of diminishing. Now, for the first time, a definitive, wide-ranging and authoritative book on authentic Indian food is available, making it simple to prepare your favourite Indian dishes at home, alongside less well-known dishes such as bataer masalydaar (marinated quails cooked with almonds, chillies and green cardamom), or sambharachi kodi (Goan prawn curry with coconut and tamarind). The comprehensive chapters on breads, pickles, spice pastes and chutneys contain a wide variety of recipes rarely seen in Indian cookbooks, such as bagarkhani roti (a rich sweet bread with raisins, cardamom and poppy seeds) and tamatar ka achar (tomato and mustard-seed pickle). India: The Cookbook is the only book on Indian food you'll ever need.

Contains biographical information about the author's journey as a cooking expert.

This book examines in detail the strategic relevance of the Arthashastra. Attributed to the fourth century B.C., this classical treatise on state and statecraft rests at the intersection of political theory and international relations. Adopting a hermeneutic approach, the book discusses certain homologies related to concepts such as power, order, and morality. Underlining the conceptual value of the Arthashastra and classical texts such as Hitopdesha and Pancatantra, this volume highlights the non-western perspectives related to diplomacy and statecraft. It shows how a comparative analysis of these texts reveals a continuity rather than a change in the styles, tactics, and political strategies. The book also showcases the value these ancient texts can bring to the study of contemporary international relations and political theory. This volume will be of interest to students, scholars and teachers of political studies, Indian political thought, and philosophy, South Asian studies, political theory and international relations.

The book examines India's current and looming foreign policy challenges from a strategic and policy-oriented perspective. It analyzes the long-term factors and trends that should determine the country's foreign policy formulation. The author urges a reappraisal of India's approach if it is to become a major player in the complex and rapidly evolving 21st century world. *Challenge and Strategy: Rethinking India's Foreign Policy* focuses on India's immediate and strategic neighbourhood. It also looks at important issues like energy security, economic diplomacy, the interaction between defence and diplomacy, and foreign policy institutions. A unique feature of the book is that it combines the perspectives of a historian, a diplomat and a scholar. With many new out-of-the-box ideas and policy suggestions, it makes a valuable contribution to the ongoing debate on

Download File PDF International Relations By Pushpesh Pant In File

foreign policy within India's strategic community. This lucid and succinct book is a must-read for policy-makers, diplomats and foreign policy analysts. The corporate and business community too will find it professionally relevant. It is also an important knowledge resource for students of Indian politics, international relations, and defence and strategic studies, and others who are interested in India's foreign policy.

The book explores in depth the culinary and cultural heritage of India which echoes the harmonious blending of diverse influences over the centuries. Written by one of the leading food connoisseurs, this book portrays the ebb and flow of the tides of history that governed the variety of tastes prevalent in Indian cuisine today.

350 user-friendly recipes from all over India, a country whose diverse cultures and religions are reflected in its cuisine. The recipes include background information and are designed to educate the cook, making them more comfortable with Indian food.

This book is an objective and passionate attempt to unfold world politics before young and inquisitive minds who become baffled as to how recession of early 1970s and the current sub-prime crisis in the United State of America affect the world economy or

This extraordinary cookbook, Classic Indian Cooking, amounts to a complete course in Indian cuisine. Elucidated by over 100 line drawings, it systematically introduces the properties of all the basic spices and special ingredients of Indian food, then explains the techniques employed in using

Download File PDF International Relations By Pushpesh Pant In File

them, always with the help of comparisons to familiar Western methods. It is immediately obvious that Indian food is rich and varied, yet not difficult to prepare. The cooking principles are basic and wellknown. The utensils needed are few and simple. As Julie Sahni says, "If you know how to fry, there are few tricks to Indian food." Every recipe has been especially designed for the American kitchen -- practically all the ingredients can be found in any American supermarket and there are scores of time-saving shortcuts with the food processor and handy directions for ahead-of-time preparation. Following a lively and absorbing introduction to the history of India's classic Moghul cuisine, Julie guides the cook through the individual components that make up an Indian meal. She begins with delicious appetizers like Crab Malabar and Hyderabad lime soup; continues through main courses, both nonvegetarian and vegetarian (this book is a treasure trove for the non-meat eater); goes on to all the side dishes and traditional accompaniments, from spinach raita and lentils with garlic butter to saffron pilaf and whole wheat flaky bread; and ends with the glorious desserts, like Ras Malai, sweetmeats, and beverages. Clear, illustrated, step-by-step instructions accompany the cook through every stage, even for making the many wondrous Indian breads, both by hand and with the food processor. And at the end of each recipe are balanced serving suggestions for every kind of meal, Among the many special features are ideas for appropriate wines, a useful spice chart, a complete glossary (which might also come in handy when ordering in Indian restaurants), and a mailorder shopping guide that will make Indian spices accessible anywhere. Most important, Julie Sahni imparts the secrets to mastering the art of Indian cooking. Even the beginner will quickly learn to move within the classic tradition and improvise with sureness and ease. Julie Sahni has written a masterpiece of culinary instruction, as readable as it
