Effects of Internet Addiction, Essay/Paper Sample

Addiction to the internet isn't like the addictions that you usually hear about, such as alcohol and drugs; it is a behavioral disorder and is most common with people who have compulsive tendencies. This addiction is newer, because the internet has only been around for 30 years which is far shorter than any other kind of well-known addiction.

Internet Addiction: Research Paper on Internet Addiction

Not all 4.2 billion internet users will develop addiction problems, but for a small percentage, internet gaming can have a significant negative effect on their lives. According to an article in Addictive Behaviors, we don't yet have an accurate estimate of how prevalent IGD is, with current estimates ranging from 2 to 15 percent, depending on where and what games people are playing, and how the survey was conducted.
