Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The I-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy.

primary objective is to review the unique theoretical accomplishments made by Asian communication scholars, thus contributing to a better awareness and understanding of political communication research in Asia. The contributors are well-respected Asian media scholars writing on political communication in their countries of origin. Each author reviews studies conducted and published in his/her native country and language(s). This book provides a first review of these studies, most of which have never been published in English, and makes them available to international scholars. The contributors discuss each country's political background, and address the findings and conclusions of the political communication studies conducted in their respective countries during the past two decades. The chapters focus on
