Look, Listen and Learn - A Multimodal LSTM for Speaker Identification. Speaker identification refers to the task of localizing the face of a person who has the same identity as the ongoing voice in a video. This task not only requires collective perception over both visual and auditory signals, the robustness to handle severe quality degradations and unconstrained content variations are also indispensable.

Look, Listen and Learn (LL+L) is a new concept in public access television. As an early learning educational program, LL+L helps bridge the achievement gap by featuring local enrichment venues and applying brain development knowledge to foster learning and enhance caregiver-child relationships. At LL+L, we want to ensure that children enter school ready to learn and able to succeed.

About ¶ Look, Listen, & learn  
Title:Look, Listen and Learn. Look, Listen and Learn. Authors: Relja Arandjelović, Andrew Zisserman. Download PDF. Abstract: We consider the question: what can be learnt by looking at and listening to a large number of unlabelled videos? There is a valuable, but so far untapped, source of information contained in the video itself -- the correspondence between the visual and the audio streams, and we introduce a novel "Audio-Visual Correspondence" learning task that makes use of this.
