Not That Bad is approximately 350 pages – a length of book which would normally take me around a day to read, but instead this book has been on my 'currently reading' for months. It isn't a book you can simply devour in one sitting – I read a few stories at a time in between other books and only when in the right frame of mind for it.

Not That Bad: Dispatches from Rape Culture – review. Not That Bad: Dispatches from Rape Culture – review. 12/2/2018 5:04:00 PM. Source The Guardian. Not That Bad: Dispatches from Rape Culture – review. A collection of personal accounts of sexual violence is important, exhausting and should not have to exist.

Edited and with an introduction by Roxane Gay, the New York Times bestselling and deeply beloved author of *Bad Feminist* and *Hunger*, this anthology of first-person essays tackles rape, assault, and harassment head-on. “Roxane Gay is the brilliant girl-next-door: your best friend and your sharpest critic. . . . she is also required reading.”—People In this valuable and revealing anthology, cultural critic and bestselling author Roxane Gay collects original and previously published pieces that address what it means to live in a world where women have to measure the harassment, violence, and aggression they face, and where they are “routinely second-guessed, blown off, discredited, denigrated, besmirched, belittled, patronized, mocked, shamed, gaslit, insulted, bullied” for speaking out. Contributions include essays from established and up-and-coming writers, performers, and critics, including actors Ally Sheedy and Gabrielle Union and writers Amy Jo Burns, Lyz Lenz, Claire Schwartz, and Bob Shacochis. Covering a wide range of topics and experiences, from an exploration of the rape epidemic embedded in the refugee crisis to first-person accounts of child molestation, this collection is often deeply personal and is always unflinchingly honest. Like Rebecca Solnit’s *Men Explain Things to Me*, *Not That Bad* will resonate with every reader, saying “something in totality that we cannot say alone.” Searing and heartbreakingly candid, this provocative collection both reflects the world we live in and offers a call to arms insisting that “not that bad” must no longer be good enough.

In the era of #metoo, a clear-eyed, sharp look at rape culture, sexual assault, harassment and violence against women--and what we can do about it. "A timely and brilliant book." (Jessica Valenti) Every seven minutes, someone in America commits a rape. And whether that's a football star, beloved celebrity, elected official, member of the clergy, or just an average Joe (or Joanna), there's probably a community eager to make excuses for that person. In *Asking for It*, Kate Harding combines in-depth research with a frank, no-holds-barred voice to make the case that twenty-first-century America supports rapists more effectively than it supports victims. From institutional failures in higher education to real-world examples of rape culture, Harding offers ideas and suggestions for how we, as a society, can take sexual violence much more seriously without compromising the rights of the accused.

From New York Times -bestselling powerhouse Roxane Gay, *Ayiti* is a powerful collection exploring the Haitian diaspora experience. Originally published by a small press, this Grove Press paperback will make Gay's debut widely available for the first time, including several new stories. In *Ayiti*, a married couple seeking boat passage to America prepares to leave their homeland. A young woman procures a voodoo love potion to ensnare a childhood classmate. A mother takes a foreign soldier into her home as a boarder, and into her bed. And a woman conceives a daughter on the bank of a river while fleeing a

horrific massacre, a daughter who later moves to America for a new life but is perpetually haunted by the mysterious scent of blood. These early stories showcase Gay's prowess as one of the voices of our age" (National Post, Canada).

New Yorkers Grant and his girlfriend Mariah decided on a whim to buy an old plantation house in the Mississippi Delta. This is their journey of discovery to a remote, isolated strip of land, three miles beyond the tiny community of Pluto. They learn to hunt, grow their own food, and fend off alligators, snakes, and varmints galore. They befriend an array of unforgettable local characters, capture the rich, extraordinary culture of the Delta, and delve deeply into the Delta's lingering racial tensions. As the nomadic Grant learns to settle down, he falls not just for his girlfriend but for the beguiling place they now call home.

It's time to rethink rape. Centuries of different approaches to rape - as inflicted by men on women - have got us nowhere. Rape statistics remain intractable: one woman in five will experience sexual violence. Very few rapes find their way into court. The crucial issue is consent, thought by some to be easy to establish and by others impossible. Sexual assault does not diminish; relations between the sexes do not improve; litigation balloons. In *ON RAPE* Germaine Greer argues there has to be a better way.

Award-winning author and powerhouse talent Roxane Gay burst onto the scene with *An Untamed State* and the New York Times bestselling essay collection *Bad Feminist* (Harper Perennial). Gay returns with *Difficult Women*, a collection of stories of rare force and beauty, of hardscrabble lives, passionate loves, and quirky and vexed human connection. The women in these stories live lives of privilege and of poverty, are in marriages both loving and haunted by past crimes or emotional blackmail. A pair of sisters, grown now, have been inseparable ever since they were abducted together as children, and must negotiate the elder sister's marriage. A woman married to a twin pretends not to realize when her husband and his brother impersonate each other. A stripper putting herself through college fends off the advances of an overzealous customer. A black engineer moves to Upper Michigan for a job and faces the malign curiosity of her colleagues and the difficulty of leaving her past behind. From a girls' fight club to a wealthy subdivision in Florida where neighbors conform, compete, and spy on each other, Gay delivers a wry, beautiful, haunting vision of modern America reminiscent of Merritt Tierce, Jamie Quatro, and Miranda July.

"Attention reveals a fresh, vital literary voice as it covers seemingly every imaginable topic relating to modern life."—*Entertainment Weekly* "Joshua Cohen may be America's greatest living writer."—*The Washington Post* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY WIRED** One of Granta's Best of Young American Novelists, Joshua Cohen arrives with his first collection of nonfiction, the culmination of two decades of writing and thought about life in the digital age. In essays, memoir, criticism, diary entries, and letters—many appearing here for the first time—Cohen covers the full depth and breadth of modern life: politics, literature, art, music, travel, the media, and psychology, and subjects as diverse as Google, Donald Trump, Bernie Sanders, fictional animals, Gustav Mahler, Aretha Franklin, John Zorn, landscape photography, fake Caravaggios, Wikipedia, Gertrude Stein, Edward Snowden, Jonathan Franzen, Olympic women's fencing, Atlantic City casinos, the closing of the Ringling Bros. circus, and Azerbaijan. Throughout *ATTENTION*, Cohen directs his sharp gaze at home and abroad, calling upon his extraordinary erudition and unrivaled ability to draw connections between seemingly unlike things to show us how to live without fear in a world overflowing with information. In each piece, he projects a quality of thought that is uniquely his, and a voice as witty, profound, and distinct as any in American letters. At this crucial juncture in history, *ATTENTION* is a guide for the perplexed—a handbook for anyone hoping to bring the wisdom of the past into the culture of the future. Praise for *ATTENTION* "Dazzling in its scope . . . If curiosity is a writer's greatest innate gift, Joshua Cohen may be America's greatest living writer."—*The Washington Post* "Cause for celebration and

close study . . . [Cohen] will hunt after neglected shards of the past, minor histories, and charge them with an immediacy in the present. . . . He is experimenting with the essay form much more, and more cleverly, than any major American writer today.”—The Wall Street Journal “In Attention, Joshua Cohen makes an eclectic argument for how to improve our lives. . . . [He] tackles a surprising range of subjects to underline distraction’s role in our fraught predicament and to argue that paying attention could help us get out of it. . . . When it comes to making sense of our times with verve and imagination, few authors are more rewarding.”—Financial Times
