done by the leading scholar in the field, which nicely integrates the work on the American Revolution over the last three decades but never loses contact with the older, classic questions that we have been arguing about for over two hundred years.”—Joseph J. Ellis, author of *Founding Brothers*

A magnificent account of the revolution in arms and consciousness that gave birth to the American republic. When Abraham Lincoln sought to define the significance of the United States, he naturally looked back to the American Revolution. He knew that the Revolution not only had legally created the United States, but also had produced all of the great hopes and values of the American people. Our noblest ideals and aspirations—our commitments to freedom, constitutionalism, the well-being of ordinary people, and

## Read Online The American Revolution A History Gordon S Wood

equality-came out of the Revolutionary era. Lincoln saw as well that the Revolution had convinced Americans that they were a special people with a special destiny to lead the world toward liberty. The Revolution, in short, gave birth to whatever sense of nationhood and national purpose Americans have had. No doubt the story is a dramatic one: Thirteen insignificant colonies three thousand miles from the centers of Western civilization fought off British rule to become, in fewer than three decades, a huge, sprawling, rambunctious republic of nearly four million citizens. But the history of the American Revolution, like the history of the nation as a whole, ought not to be viewed simply as a story of right and wrong from which moral lessons are to be drawn. It is a complicated and at times ironic story that needs to be

## Read Online The American Revolution A History Gordon S Wood

explained and understood, not blindly celebrated or condemned. How did this great revolution come about? What was its character? What were its consequences? These are the questions this short history seeks to answer. That it succeeds in such a profound and enthralling way is a tribute to Gordon Wood's mastery of his subject, and of the historian's craft.

to Gordon Wood's mastery of his subject, and of the historian's craft.

The first one-volume survey of the American Revolution that is both objective and comprehensive, this outstanding narrative history traces the growth of a conflict that inexorably set the American colonies on the road to independence. Offering a spirited chronicle of the war itself -- the campaigns and strategies, the leaders on both sides, the problems of fielding and sustaining an army, and of maintaining morale -- Stokesbury also brings the reader to the Peace of Paris in 1783 and into the militarily exhausted, financially ruined yet victorious United States as it emerged to create a workable national system.

Myths! Lies! Secrets! Uncover the hidden truth behind the Revolutionary War with beloved educator/author Kate Messner. The fun mix of sidebars, illustrations, photos, and graphic panels make this perfect for fans of I Survived! and Nathan Hale's Hazardous Tales. On April 18, 1775, Paul Revere rode through Lexington and Concord, Massachusetts, shouting, "The British are coming!" to start the American Revolution. RIGHT? WRONG! Paul Revere made it to Lexington, but before he could complete his mission, he was captured! The truth is, dozens of Patriots rode around warning people about the Redcoats' plans that night. It was actually a man named Samuel Prescott who succeeded, alerting townspeople in Lexington and then moving on to Concord. But the Revolutionary War didn't officially start for

In a grand and immensely readable synthesis of historical, political, cultural, and economic analysis, a prize-winning historian describes the events that made the American Revolution. Gordon S. Wood depicts a revolution that was about much more than a break from England, rather it transformed an almost feudal society into a democratic one, whose emerging realities sometimes baffled and disappointed its founding fathers.

"Describes the opposing viewpoints of the British and Patriots during the American Revolution"--Provided by publisher.

Here is a brisk, accessible, and vivid introduction to arguably the most important event in the history of the United States--the American Revolution. Between 1760 and 1800, the American people cast off British rule to create a new nation and a radically new form of government based on the idea that people have the right to govern themselves. In this lively account, Robert Allison provides a cohesive synthesis of the military, diplomatic, political, social, and intellectual aspects of the Revolution, paying special attention to the Revolution's causes and consequences. The book recreates the tumultuous events of the 1760s and 1770s that led to

## Read Online The American Revolution A History Gordon S Wood

revolution, such as the Boston Massacre and the Boston Tea Party, as well as the role the Sons of Liberty played in turning resistance into full-scale revolt. Allison explains how and why Americans changed their ideas of government and society so profoundly in these years and how the War for Independence was fought and won. He highlights the major battles and commanders on both sides--with a particular focus on George Washington and the extraordinary strategies he developed to defeat Britain's superior forces--as well as the impact of French military support on the American cause. In the final chapter, Allison explores the aftermath of the American Revolution: how the newly independent states created governments based on the principles for which they had fought, and how those principles challenged their own

## Read Online The American Revolution A History Gordon S Wood

institutions, such as slavery, in the new republic. He considers as well the Revolution's legacy, the many ways its essential ideals influenced other struggles against oppressive power or colonial systems in France, Latin America, and Asia. Sharply written and highly readable, *The American Revolution* offers the perfect introduction to this seminal event in American history.

This third edition of *Historical Dictionary of the American Revolution* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1,000 cross-referenced entries on the
