This gothic classic, "The Turn of the Screw" is one of the most famous ghost stories of all time. On Christmas Eve, Douglas reads a manuscript written by a former acquaintance, the governess, whom Douglas claims to have known and who is now dead. The manuscript tells the story of how the young governess is hired by a man who has become responsible for his young nephew and niece after the tragic deaths of their parents. He is uninterested in raising the children. The governess's new employer gives her full responsibility for the young siblings and explicitly states that he is not to be bothered with communications of any sort. Set in a remote estate this critically acclaimed novella tells the tale of a governess who, looking after two children, becomes convinced that the grounds are haunted. This story has been adapted many times for film and television, most recently in *The Turning* (2020). Famed for its ability to create an intimate sense of confusion and suspense, this novella is a must-read for all horror and ghost story fans.

One of the greatest ghost stories ever told, *The Turn of the Screw* is now a feature film from Universal Pictures premiering January 24th, produced by Steven Spielberg and starring Finn Wolfhard and Mackenzie Davis. This unsettling collection brings together eight of Henry James's tales exploring ghosts and the uncanny, including his infamous ghost story, "The Turn of the Screw," a work saturated with evil. James's haunting masterpiece tells of a nameless young governess sent to a country house to take charge of two orphans, Miles and Flora. Unsettled by a dark foreboding of menace within the house, she soon comes to believe that something malevolent is stalking the children in her care. But is the threat to her young charges really a malign and ghostly presence or something else entirely? This collection also includes "The Jolly Corner," "Owen Wingrave," and further tales of visitations, premonitions, madness, grief, and family secrets, where the living are just as mysterious and unknowable as the dead. In these chilling stories, Henry James shows himself to be a master of haunting atmosphere and unbearable tension.

An isolated, forlorn estate...a very young, inexperienced governess...the boy, Miles, the girl, Flora--two angelically beautiful, strangely distant children...and the fiends. Phantoms of shadow and madness, twin creatures of evil, ghosts of the condemned. Two figures, half-seen, lurking in twilight windows and dark towers, beckoning...silent...coming ever closer. Walking dead who seek to control the children's bodies, steal their minds, destroy their souls... Flora and Miles claim to see and hear nothing. But, with mounting horror, their governess discovers the children want the ghosts-- As much as the evil wants them... Tor Classics are affordably-priced editions designed to attract the young reader. Original dynamic cover art enthusiastically

At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*The Turn of the Screw*, first published in 1898, is a novella written by Henry James, who was considered a master of creating best psychological fiction. It is a gothic novel, work of great horror, by one of the most acclaimed authors of the modern European literature.

*The Turn of the Screw* is an 1898 Horror novella by Henry James that first appeared in serial format in *Collier's Weekly* magazine (January 27 - April 16, 1898). In October 1898 it appeared in *The Two Magics*, a book published by Macmillan in New York City and Heinemann in London. Classified as both gothic fiction and a ghost story, the novella focuses on a governess who, caring for two children at a remote estate, becomes convinced that the grounds are haunted.

Text of the famous horror tale with analysis and controversy.

Henry James led a wandering life, which took him far from his native shores, but he continued to think of New York City, where his family had settled for several years during his childhood, as his hometown. Here Colm Tóibín, the author of the Man Booker Prize shortlisted novel *The Master*, a portrait of Henry James, brings together for the first time all the stories that James set in New York City. Written over the course of James's career and ranging from the deliciously tart comedy of the early "An International Episode" to the surreal and haunted corridors of "The Jolly Corner," and including "Washington Square," the poignant novella considered by many (though not, as it happens, by the author himself) to be one of James's finest achievements, the nine fictions gathered here reflect James's varied talents and interests as well as the deep and abiding preoccupations of his imagination. And throughout the book, as Tóibín's fascinating introduction demonstrates, we see James struggling to make sense of a city in whose rapidly changing outlines he discerned both much that he remembered and held dear as well as everything about America and its future that he dreaded most. Stories included: *The Story of a Masterpiece* *A Most Extraordinary Case* *Crawford's Consistency* *An International Episode* *The Impressions of a Cousin* *The Jolly Corner* *Washington Square* *Crapy* *Cornelia* *A Round of Visits*

Long recognized as one of the most refined and insightful American writers of the nineteenth century, Henry James turns his keen powers of perception and observation to the case of a London telegraph operator in the novella *In the Cage*. Over time, the operator becomes adept at inferring personal details from customers' messages and develops an unhealthy interest in the quotidian lives of those she serves. A masterpiece of psychological subtlety, *In the Cage* is a must-read for fans of James' work.

"*The Turn of the Screw*" is the classic ghost story for which James is most remembered. Set in a country house, it is a chilling tale of the supernatural. "*The Aspern Papers*" is a tale of Americans in Europe, cleverly evoking the drama of *comédie humaine* against the settings of a Venetian palace.

With layers of meanings and comprehensively drawn characters, once again Henry James captures the attention of the readers. Unique themes that cover past, present, supernatural
