Think Like A Marine August 22, 2014 Written by admin “God, Country, Corps, Family, and Self”. What do these words bring to mind? These are the words (in exactly the same order) used by a marine to define honor. Honor has been associated with glory in a lot of circumstances. However, to a Marine, glory has very little to do with honor.

The manual describes the general strategy for the U.S. Marines but it is beneficial for not only every Marine to read but concepts on leadership can be gathered to lead a business to a family. If you want to see what make Marines so effective this book is a good place to start.

MCDP 1 WARFIGHTING Since Fleet Marine Force Manual 1, Warfighting, was first published in 1989, it has had a significant impact both inside and outside the Marine Corps. That manual has changed the way Marines think about warfare. It has caused energetic debate and has been translated into several foreign languages, issued by foreign militaries, and published commercially. It has strongly influenced the development of doctrine by our sister Services. Our current naval doctrine is based on the tenets of maneuver warfare as described in that publication. Current and emerging concepts such as operational maneuver from the sea derive their doctrinal foundation from the philosophy contained in Warfighting. Our philosophy of warfighting, as described in the manual, is in consonance with joint doctrine, contributing to our ability to operate harmoniously with the other Services.

A debut novel by an Iraq War veteran presents the stories of platoon leader Lieutenant Donovan, who feels isolated by his rank; medic Doc Pleasant, who is unraveled by the deaths of friends; and Iraqi interpreter Dodge, who both loves and hates what America represents.

Essays discuss the concept of maneuver warfare as a solution to the problem of smaller military forces and reduced budgets

Using their native language, the Navajo Marines played an invaluable part in World War II as they sent messages, did maneuvers, and completed tasks with words that couldn't be deciphered by the enemy. Reprint.

Leading Marines, first published in 1995 and updated in 2014, is the US Marines' main publication describing its leadership philosophy.

Winner of the National Book Award for Fiction "Redeployment is hilarious, biting, whipsawing and sad. It’s the best thing written so far on what the war did to people’s souls.” —Dexter Filkins, The New York Times Book Review Selected as one of the best books of the year by The New York Times Book Review, Time, Newsweek, The Washington Post Book World, Amazon, and more Phil Klay’s Redeployment takes readers to the frontlines of the wars in Iraq and Afghanistan, asking us to understand what happened there, and what happened to the soldiers who returned. Interwoven with themes of brutality and faith, guilt and fear, helplessness and survival, the characters in these stories struggle to make meaning out of chaos. In “Redeployment”, a soldier who has had to shoot dogs because they were eating human corpses must learn what it is like to return to domestic life in suburbia, surrounded by people “who have no idea where Fallujah is, where three members of your platoon died.” In “After Action Report”, a Lance Corporal seeks expiation for a killing he didn’t commit, in order that his best friend will be unburdened. A Mortuary Affairs Marine tells about his experiences collecting remains—of U.S. and Iraqi soldiers both. A chaplain sees his understanding of Christianity, and his ability to provide solace through religion, tested by the actions of a ferocious Colonel. And in the darkly comic “Money as a Weapons System”, a young Foreign Service Officer is given the absurd task of helping Iraqis improve their lives by teaching them to play baseball. These stories reveal the intricate combination of monotony, bureaucracy, comradeship and violence that make up a soldier’s daily life at war, and the isolation, remorse, and despair that can accompany a soldier’s homecoming. Redeployment has become a classic in the tradition of war writing. Across nations and continents, Klay sets in devastating relief the two worlds a soldier inhabits: one of extremes and one of loss. Written with a hard-eyed realism and stunning emotional depth, this work marks Phil Klay as one of the most talented new voices of his generation.

“ONE OF THE BEST VIETNAM WAR STORIES I’VE EVER READ, one damn good, compelling read. It’s almost something out of a Clancy novel, yet it’s true. The best thing I can say about it is I didn’t want it to end.” --Col. David Hackworth, New York Times bestselling author of About Face By the spring of 1970, American troops were ordered to pull out of Vietnam. The Marines of 1st Reconnaissance Battalion, commanded by Lieutenant Colonel “Wild Bill” Drumright, were assigned to cover the withdrawal of 1st Marine Division. The Marines of 1st RECON Bn operated in teams of six or seven men. Heavily armed, the teams fought a multitude of bitter engagements with a numerically superior and increasingly aggressive enemy. Michael C. Hodgins served in Company C, 1st RECON Bn (Rein), as a platoon leader. In powerful, graphic prose, he chronicles his experience as a patrol leader in myriad combat situations--from hasty ambush to emergency extraction to prisoner snatch to combined-arms ambush. . . . “THIS MEMOIR IS GRIPPING.” --American Way
