~~Vitalism and the Scientific Image in Post-  
Enlightenment ...~~

Vitalism is the belief that "living organisms

# Get Free Vitalism And The Scientific Image In Post Enlightenment Life Science 1800

are fundamentally different from non-living entities because they contain some non-physical element or are governed by different principles than are inanimate things". Where vitalism explicitly invokes a vital principle, that element is often referred to as the "vital spark", "energy" or "élan vital", which some equate with the soul.
