Waking, Dreaming, Being: Self and Consciousness in ...

Waking, Dreaming, Being builds a bridge between two different worlds: the relative "new" Western world of science and the ancient Vedic wisdom as expressed in the Upanishad. This is a very interesting process wheer Evan talks about his own experiences, his life, experiments he has been through and in doing so he is able to put up a framework for you.

Waking, Dreaming, Being: Self and Consciousness in ...

Thupten Jinpa, author of Self, Reality and Reason in Tibetan Philosophy: Waking, Dreaming, Being powerfully demonstrates how bringing cognitive science, philosophy, and Buddhism into a critical engagement can open innovative ways of exploring the 'hard problem' of consciousness. The blending of philosophical rigor and scientific knowledge with meditative insights, with the author's own remarkable life as the larger background, makes the book a real joy to read.

When we are awake we identify with our body, but if we let our mind wander or daydream, we project a mentally imagined self into the remembered past or anticipated future. As we fall asleep, the impression of being a bounded self distinct from the world dissolves, but the self reappears in the dream state.

Waking, Dreaming, Being | Columbia University Press

Waking, Dreaming, Being is an exceptional and intriguing contribution to the exploration of consciousness as a multidimensional self and makes a convincing argument for the usefulness of philosophical, experiential, and scientific approaches to understanding consciousness.

Waking, Dreaming, Being: Self and Consciousness in ...

Walking through the wreckage of a thousand atheism-versus-religion debates, [Thompson] asks us to do something truly radical and withhold judgment on the big (perhaps unanswerable) metaphysical questions as we carry out our explorations.

Waking, Dreaming, Being | Evan Thompson

Thompson shows how the self is a changing process, not a static thing. When we are awake we identify with our body, but if we let our mind wander or daydream, we project a mentally imagined self into the remembered past or anticipated future. As we fall asleep, the impression of being a. Read more...
